

Sedia in tondino d'acciaio verniciato

Chair in varnished rod steel

1. Struttura metallica in filo di ferro trafilato crudo lucido FE 360 B, Ø 12 mm con percentuale media di ferro riciclato del 90%. Telaio verniciato a polveri termoindurenti a base di resine poliestere per la prevenzione della proliferazione microbica. Disponibile anche per outdoor grazie al trattamento di tropicalizzazione
- Metal frame made of bright raw-drawn FE 360 B steel rod, Ø 12 mm with an average of 90% recycled steel. Thermosetting polyester powder coating designed to inhibit microbial growth. Also available for outdoor use thanks to a tropicalization treatment
2. É disponibile oltre al cuscino termo saldato, cuscino per la seduta e uno a “conchiglia”, ideali per l’outdoor grazie al tessuto water repellent e stain-proof con Dryfeel® a celle aperte. La loro composizione in acrilico permette elevata solidità del colore alla luce elevata e con elevata resistenza ad agenti più aggressivi per la pulizia e le muffe
- In addition to the thermo-welded cushion, a seat cushion and a shell cushion are also available. They are specifically designed for outdoor use thanks to their water-repellent, stain-resistant acrylic fabric and open-cell Dryfeel® foam. The acrylic fabric provides outstanding colour fastness to light, along with excellent resistance to aggressive cleaning agents and mould
